The Dayton gunman was radicalized by Jewish ideology. This is a hate crime against white people and for obvious reasons, the Jewish media has completely ignored it.

Let us not forget, just a few weeks ago another man who was radicalized by Jewish

ideology attempted to blow up an ICE facility.

Antifa lauds 'martyr' who attacked ICE detention center as manifesto circulates

In his manifesto, this man claimed Emma Goldman was his inspiration - a Jewish revolutionary who attempted to assassinate a white, Pennsylvania factory owner in 1892 and also supported the violent, revolutionary overthrow of Russian Tsar, Nicholas II.

there's wrong and there's right.
it's time to take action against the forces of evil.

evil says one life is worth less than another.
evil says the flow of commerce is our purpose here.
evil says concentration camps for folks deemed lesser are necessary.
the handmaid of evil says the concentration camps should be more humane.
beware the centrist.

i have a father's broken heart
i have a broken down body
and i have an unshakeable abhorrence of injustice
that is what brings me here.
this is my clear opportunity to try to make a difference, i'd be an ingrate to be waiting for
a more obvious invitation.

i follow three teachers:
don pritts, my spiritual guide, "love without action is just a word."
john brown, my moral guide, "what is needed is action!"
emma goldman, my political guide, "if i can't dance, i don't want to be in your revolution"

i'm a head in the clouds dreamer, i believe in love and redemption.
i believe we're going to win.
i'm joyfully revolutionary. (we all should have been reading emma goldman in school
instead of the jingo drivel we were fed, but i digress.) (we threw an orange looking at the
photos of the YPJ heroes should we falter and think our dreams are impossible, but i
double digress. fight me.)

in these days of fascist hooligans preying on vulnerable people on our streets, in the
name of the state or supported and defended by the state,

in these days of highly profitable detention/ concentration camps and a battle over the
semantics,

in these days of hopelessness, empty pursuit and endless yearning,

we are living in visible fascism ascendant. (i say visible, because those paying attention
watched it survive and thrive under the protection of the state for decades. [see howard
zinn, "a people's history of the united states."] now it unabashedly follows its agenda with
open and full cooperation from the government. from governments around the world.

fascism serves the needs of the state serves the needs of business and at your
expense. who benefits? jeff bezos, warren buffett, elon musk, tim cook, bill gates, betsy
de vos, george soros, donald trump, and need i go on? let me say it again: rich guys,
(who think you're not really all that good.) really dig government, (every government
everywhere, including "communist" governments,) because they make the rules that
make rich guys richer.
simple.
don't overthink it.

(are you patriots in the back paying attention?)

The ICE facility attacker was so enthralled with Emma Goldman, his trans alias was also "Emma."

The week before the ICE facility attack, Jews made a concerted effort to physically shut down ICE facilities all over the US. Is it a stretch to assume the attacker was inspired by this Jewish initiative?

Dozens arrested for protesting Trump immigration policies during Philadelphia July Fourth parade

The Jewish group responsible for organizing the ICE facility protests never condemned the attack. But even worse, they characterize ICE as terrorists - rhetoric that incites violence against them, as we have seen. ICE is simply trying to uphold US border laws.

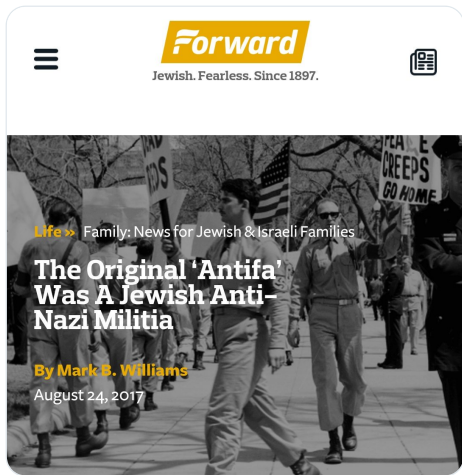

Similarly, they are inciting violence against white people by characterizing them as Nazis if they do not embrace the Jewish value of open borders for Western nations.

We are at the brink of another Bolshevik Revolution, as Jews are actively calling for violence against the US government and white people. And the Jewish media will smear anyone who stands in their way as "Nazis."

This Jewish ideology is violent, quietly supported by the mainstream media, and well funded. And our politicians are too afraid to be called Nazis to stop it.
